

Internal Liner #

8000 Whitepine Rd
Richmond, VA 23106
Ph. 804-303-4507
Email: mwagner@impreg.com

Diameter change from _____ in. to _____ in.

Client: _____
Jobsite Name: _____
Manhole: _____ a/b

Please attend during the liner installation:

The Liner has to be pressured in 0,05 bar-steps over a period of 30 minutes.
The fitting of the light linkage and the plunge has to occur with most attention!
For any further questions please don't hesitate to contact our engineers .
